Safety Is Our Common Goal

Your safety on campus is vitally important to us, encompassing not only your personal security, but the environment of mutual trust that is central to our educational mission.

Cooperation is the key. The Department of Public Safety and many other offices at the University work together to deter crime and have increased the number and variety of proactive safety and security measures on and around our campus. Faculty and staff members and students work together to foster safety awareness. Information, education, and personal awareness are some of the most powerful tools you have to ensure the safety of yourself and others on campus.

With all of this in mind, we have prepared this guide to share details of the University's crime prevention and crime awareness programs, to empower each of us to help create an educational environment in which all of us can thrive.

Rebecca Reed Kantrowitz,
*Interim Senior Vice
President, Dean of
Student Affairs*

Dr. Louis Marcoccia
*Executive Vice President,
Chief Financial Officer*

The Department of Public Safety (DPS) is required by law to provide its constituents with the most up-to-date crime statistics for its jurisdiction. This safety and security handbook meets that requirement, and does much more.

Through this handbook, our goals are to:

- inform the campus community of our programs and services
- reduce crime by equipping readers with personal and residential safety and security guidelines
- influence and encourage safe behavior
- inspire and invite others to partner with us in our mission to minimize crime on and near campus

The following pages provide students, staff, faculty, parents, and neighbors with a comprehensive summary of services and programs offered by the department.

A common goal unites each program and service we provide: to protect and serve. The DPS staff of more than 100 law enforcement and administrative professionals is dedicated to protecting the SU campus, to providing a safe community for academic growth, and to furthering the mission of our Chancellor. As the campus grows beyond traditional physical boundaries, so, too, does our commitment and service to the community.

I hope you will use the information provided in this handbook to make your experience at Syracuse University the best it can be, and keep this handbook as a convenient reference for crime prevention programs, student guidelines, and important information on our campus safety reporting procedures.

Anthony Callisto, Jr.
Chief, Department of Public Safety

A Brief History of the Clery Act

In 1990, Congress enacted the Crime Awareness and Campus Security Act. This act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information.

A 1998 amendment renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a Lehigh University student who was raped and murdered in her dorm room in 1986.

The Clery Act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public campus security policies. Data must be collected into report format, disseminated to the campus community, and submitted annually to the U.S. Department of Education.

The DPS prepares this report using data from local law enforcement agencies surrounding the campus, the University's national and international sites, and other University departments including: Housing, Residence Life, the Division of Student Affairs, and the Office of Student Rights and Responsibilities (formerly Judicial Affairs.)

The University discloses statistics for reported Clery crimes and mandated referrals that occur on campus, on public property within or immediately adjacent to the campus, and in/on non-campus buildings or properties that Syracuse University owns or controls.

Campus crime, arrest and referrals statistics include those reported directly to the DPS and to other local law enforcement agencies, as well as those reported to designated University officials (Directors, Deans, Department Heads, Residence Life staff, and the Division of Student Affairs.)

Each year, post cards and e-mails are sent notifying the campus community of the availability of this report. Access to this report is available via the Department of Public Safety website, publicsafety.syr.edu.

To reference the Handbook for Campus Safety and Security Reports (the guide issued by the United States Department of Education for the creation of this report), visit:
<http://www2.ed.gov/admins/lead/safety/handbook.pdf>

About the Department of Public Safety

Syracuse University's Department of Public Safety (DPS) is committed to reducing crime on campus. The department accomplishes this mission by soliciting and encouraging all members of our community to actively partner with DPS to identify, recognize, and eliminate crime hazards and risks within the community.

The department, which consists of more than 100 employees, is located on the ground floor of Sims Hall and operates 24 hours a day,

year-round. Academy-trained sworn campus Peace Officers, and non-sworn Community Service Officers provide proactive services through vehicular, bicycle, and foot patrol. They respond to more than 65,000 calls for service on and around campus each year.

Most of Syracuse University's campus and properties are in the City of Syracuse, with several properties being in the bordering County of Onondaga and the Town of DeWitt.

In September 2012, DPS announced key leadership appointments and structural changes in the organization, to create better lines of internal communication and more effectively align operations. Under the new structure, functions align under three areas:

- **Administrative & Technical Services Division**

responsible for all administrative, information technology, security and communications technology, as well as fiscal and office management functions.

- **Law Enforcement and Community Policing Division**

responsible for patrol, investigations, and community resources/special events educates the campus community with Crime Prevention tips, statistics, and presentations

follows up on all crimes, complaints, and incidents involving members of the Syracuse University community - interviews involved parties, compiles comprehensive reports.

- **Staff, Organizational Development and Student Services**

responsible for Students for Community Safety escort and shuttle service programs, residence hall security, staff training and recruitment, research & development, accreditation, and grant applications

A Note About DPS and Other Law Enforcement Agencies

The DPS enjoys excellent working relationships with the principal law enforcement agencies of those areas: the Syracuse Police Department (SPD), the Onondaga County Sheriff's Office (OCOSO), and the Town of Dewitt Police Department.

Syracuse University is private, but SPD officers routinely patrol the streets that intersect and are adjacent to the University. SPD officers do come on campus when required to investigate crimes, but they make every attempt to notify the DPS prior to doing so, and are accompanied by DPS officers when on campus.

DPS utilizes a communications system which is interoperable with all local and regional law enforcement agencies and shares incident reporting systems with those agencies. Annual trainings for the use of this system are held with the SPD and other law enforcement agencies.

Additionally, DPS enjoys an especially close relationship with the SUNY College of Environmental Science and Forestry (ESF) police officers, whose campus abuts Syracuse University to the southwest. DPS and ESF police officers share law enforcement-related reports and information.

DPS operates under a Memorandum of Understanding (MOU) with the Syracuse Police Department that outlines both agencies' responsibilities for investigating alleged crimes and offenses in the University area.

When a Syracuse University student is involved in an off-campus

incident or offense, DPS officers may be asked to assist with the investigation, or they may conduct a parallel investigation in cooperation with local, state, or federal law enforcement. As a result of the DPS investigation, a student found responsible for a University Code of Student Conduct violation may be referred to the University's Office of Student Rights and Responsibilities (OSRR), in addition to any criminal process initiated by any outside law enforcement agency.

Annually, the DPS receives a summary of all crime occurring off-campus and these statistics are included in this Annual Report. DPS regularly reviews crime analysis bulletins from local law enforcement agencies for any reported incidents of interest to the University. Annually, DPS requests a summary of criminal activity from local law enforcement agencies for the following:

- On-campus buildings or property owned or controlled by the University.
- Non-campus buildings or property owned or controlled by student organizations that are recognized by the University.
- Non-campus buildings or property owned or controlled by the University that are used in direct support of, or in relation to, the University's educational purposes, or are frequently used by students, but are not in the same adjacent or contiguous geographic area of the University.
- Public property, including parks, thoroughfares, streets, sidewalks, and parking facilities that are within the campus or immediately adjacent to and accessible from the campus.

The jurisdiction of DPS does not extend to buildings or property owned or controlled by student organizations, or to public property. Therefore, DPS's role in investigating criminal activity at these locations is limited to sharing information, cooperating, and coordinating with the investigating local law enforcement agency.

Campus Peace Officers

All of DPS's campus peace officers are required to successfully complete a certified campus peace officer or police academy, which includes more than 24 weeks of physical, academic, and practical training and a 13-week evaluation period. Following a drug screening, a psychological evaluation, and a criminal background investigation, the SPD chief swears in each officer, who must successfully complete the academy and a three month Field Training Program to begin duty as a campus peace officer. Campus Peace Officers have:

- the power of arrest based on probable cause;
- the authority to enforce orders of protection in relationship violence cases;
- the ability to make traffic and suspicious vehicle stops;
- the authority to issue appearance tickets and uniform traffic tickets;
- the right to confiscate stolen property, illegal weapons, and controlled substances;
- the authorization to operate emergency equipment;
- access to local, state and federal records to facilitate first responder calls and investigations.

Community Service Officers

DPS is proud of its team of community service

officers, who hold New York State security officer certification. They patrol the University's buildings and grounds. They assist motorists in need, help with crime prevention outreach efforts, and assist with requests to staff on-campus and satellite facilities. Community Service Officers do not have the authority to arrest.

Neighborhood Safety Patrol (NSP)

Syracuse University began a neighborhood patrol in response to quality-of-life concerns by residents of the neighborhood bordering the eastern edge of campus. The Neighborhood Safety Patrol (NSP) is a partnership among residents of the University neighborhood, the Syracuse Property Owners Association, the Southeast University Neighborhood Association, the SPD, and Syracuse University. NSP is part of an effort to deter criminal activity, promote resident safety, and improve the quality of life in the neighborhood.

NSP, which supplements the normal police coverage for the University neighborhood, operates four hours most Thursday nights and eight hours Friday and Saturday nights during the academic year.

The area covered is west to east from University Avenue to Allen Street, and north to south from East Genesee Street to Stratford Street.

Since its founding in 1999, the NSP has had success in promoting safety, deterring crime, and addressing many issues affecting SU's east

neighborhood, such as concentration of students at parties, loud noise, and illegal parking.

DPS Emergency Communications Center

The hub of all DPS activity is the state-of-the-art Emergency Communications Center (ECC), in Sims Hall. Trained Communications Officers (dispatchers) are available 24 hours a day to answer emergency calls at (315) 443-2224 or toll-free at 1-855-443-2224. The ECC receives thousands of calls each year for DPS assistance. When calls are received that require intervention and assistance from other University departments or outside agencies, DPS communications officers immediately assist the caller by transferring the call or referring the call to the appropriate department.

Adopt-a-Hall

This program partners a DPS officer with a residence hall population to enhance crime prevention. It provides a solid foundation for building trust, exchanging information, and increasing awareness. DPS officers attend floor meetings, give crime prevention presentations, and listen to students' opinions about campus safety and security. To contact an Adopt-A-Hall officer, call 315-443-3873.

Rape Aggression Defense (R.A.D)

R.A.D. is a nationally known self-defense program of realistic self-defense tactics and techniques for women.

The R.A.D. System is a comprehensive, women-only course that begins with awareness, prevention, risk reduction and risk avoidance, and then progresses on to the basics of hands-on defense training. Courses are taught by nationally certified R.A.D. instructors. R.A.D.'s

program objective is to develop and enhance the options of self-defense so they may become viable considerations to a woman if attacked. For more information, call 315-443-5483 or visit <http://publicsafety.syr.edu/html/rad.html>.

Missing Persons

It is the policy of DPS to immediately accept and actively investigate every report of a person missing from campus. In the event that the individual is not located in a timely manner, SPD will be notified. Every individual has standing to report someone missing, and there is no requisite time frame necessary for a person to be considered missing. A reporting person should immediately call DPS at 315-443-2224 or toll-free, 1-855-443-2224.

Every student is required to provide a Missing Person Contact, to be notified in the event that the student is determined to be missing for a period of more than 24 hours. The Missing Person Contact is confidential and will only be accessed by University officials for law enforcement purposes pursuant to a missing person investigation. If a student is under 18 years of age and not an emancipated individual, Syracuse University is required to notify a custodial parent or guardian in the event that the student is determined missing for more than 24 hours, but DPS may elect to make a notification earlier depending on the attendant circumstances.

To register a Missing Person Contact, go to MySlice, log in using your NetID and password, click on the View/Update Emergency Contact link found in the Personal Services pagelet, and click "Add A Missing Person Contact." (If a student has not registered a contact person, the SPD will be notified that the student is missing.)

Crime Prevention

DPS believes it is more beneficial to prevent crimes than to react to them after the fact. Members of the Investigations & Crime Prevention Section provide crime prevention and general security and safety awareness presentations when requested by students, University employees, and community groups. The Crime Prevention Unit is also available to assist with planning, presenting, and coordinating crime prevention programs. DPS organizes and sets crime prevention and education display tables, staffed by officers at various events and locations throughout the year, including new and prospective student welcome days. During the 2011 and 2012 calendar years, the DPS conducted 150 events, workshops, and presentations for departments and groups throughout the campus community. **For more information, or to schedule education and awareness programs, please contact the Investigations & Crime Prevention Section at 315-443-2265.**

To Report a Crime

Syracuse University policy encourages all students, faculty, staff, and guests to immediately report all criminal incidents and other emergencies occurring on campus. To report a crime or emergency, dial 711 from any campus phone, or dial #SU (#78) from a mobile phone with Verizon, Sprint, or AT&T service. If you are in a situation where you are unable to place a phone call (for example, from a very loud room), send a text message to 711@syr.edu.

For non-emergencies, dial 315-443-2224. Complainants may also choose to report an incident directly to the DPS office, located at Sims Hall, 130 College Place. After regular University business hours, a patrol officer will be summoned from regular patrol to meet with walk-in complainants.

Numerous resources on campus are available to assist students in reporting and recovering from crimes and other serious incidents. These include the Office of Residence Life (315-443-3637), located at 111 Waverly Ave.; the Advocacy Center (315-443-7273), at 111 Waverly Ave.; and the Office of Student Rights

and Responsibilities (abbreviated OSRR, formerly the Office of Judicial Affairs - 315-443-3728), located at 310 Steele Hall.

In addition, please contact the Equal Opportunity, Inclusion and Resolution Services office (abbrev. EOIRS) regarding any incident involving harassment or discrimination including sexual harassment, stalking, non-consensual sexual contact, domestic violence, unwelcome sexual conduct or comments, unwelcome comments or conduct related to any other protected category including race, national origin, ancestry, color, creed, marital status, veteran status, disability, sexual orientation, gender identity or expression, religion, and domestic violence status. EOIRS can be reached at 315-443-0211. The EOIRS office includes Cynthia Maxwell Curtin, Title IX Coordinator, who can be reached at 315-443-0211 or by email at cmcurtin@syr.edu. EOIRS is located at the Skytop Office Building. The Office of Human Resources (315-443-4042) can assist employees. To contact SPD, dial 911.

Additionally, community members may

Safety Guidelines

from our Crime Prevention Section

There are many steps we can take to reduce our chances of becoming a crime victim. Typically crimes occur because an opportunity was created for them to happen. For example, most crimes of theft and burglary are random, not planned. They occur because residence hall doors, room doors, windows, or car doors are left unlocked.

Follow these simple steps to reduce your victim profile:

At Home

- Equip your front door with a peephole and a dead bolt lock
- Be sure all windows have secure frames and locks
- Report any maintenance deficiencies that may compromise building security to your resident advisor or landlord
- Never hide your door key anywhere outside your residence
- Lock your door whenever you leave, even if it is only for a short time

When Walking

- Walk in groups of three or more, or contact DPS for a walking escort by calling 315-443-SAFE (7233) or toll-free 1-855-443-7233
- Walk only in well-lit areas and avoid short cuts through poorly lit vacant lots and other deserted places
- If you think you are being followed, change direction and head for a well-lit area with other people around

Security Guidelines for Office Personnel

- Always lock your desk and office when away.
- Keep small valuables (wallets, purses, mobile devices) out of sight by placing them in a closed and locked desk or file cabinet
- Keep a list of brand names, serial numbers, model numbers, and descriptions of all office equipment
- Request a Security Vulnerability Assessment through the DPS Crime Prevention Unit

At All Times

- Never leave your wallet, purse, or valuables unattended
- Immediately report all suspicious persons or activity to DPS
- Program DPS's phone number, 315-443-2224, into your cell phone
- Program the DPS Safety Escort phone number, 315-443-SAFE, into your cell phone.
- If you need to contact DPS in an emergency, but are unable to make a phone call, e-mail or text the Communications Center at 711@syr.edu

DPS, in cooperation with local law enforcement agencies, investigates all reported criminal activities on the SU campus. Anyone with information regarding a crime or other situation posing an ongoing threat to the campus community should immediately contact DPS at 315-443-2224 or toll-free at 1-855-443-2224.

elect to provide information relative to a crime or suspicious incident anonymously through the Silent Witness program. DPS always prefers to deal directly with a complainant, but when sufficient information is provided it is often possible to initiate an investigation from a Silent Witness entry. The purpose of accepting anonymous reports is to comply with an individual's desire to remain unidentified while also ensuring that proscribed behavior is addressed promptly. Any investigation report generated in this manner would naturally be counted in the annual crime statistics provided to the Department of Education if it falls into

one of the Clery Act reporting categories. DPS follows a series of guidelines known as Standard Operating Procedures to dictate officers' responses to each individual report.

Silent Witness

Silent Witness is a web-based tip program, allowing citizens to anonymously provide DPS with non-urgent information on crime, bias, abuse, or disorder. Information is collected through the nationally-used Ethics Point software program and is used to solve crimes on and surrounding campus. Silent Witness is available online at <http://publicsafety.syr.edu/html/silentwitness.html>.

Our Services

Shuttle Bus Service

The University's Office of Parking and Transit Services coordinates a free shuttle bus system linking Main and South campuses, with additional service to areas outside these locations. Primary stops at College Place on Main Campus and at the Goldstein Student Center on South Campus allow transfers and promote safe, comfortable travel between University facilities.

Timely warnings

DPS creates and distributes timely warnings both as a crime prevention tool and in response to continuing threats to persons or property that occur either on campus, in the neighborhoods closely adjoining the campus, or

in other areas of the city where University staff or students have an active presence.

DPS initiates its timely warning procedures without delay, and taking into account the safety of the community, determines the content of the notification - unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Timely warning alerts are written and sent by the Chief and/or his designees (duty officers, who rotate by shift). They are edited and approved by numerous members of the DPS, and representatives from university news and public relations teams. They are distributed

electronically through a blast email, and provided as printed flyers which are distributed in residence halls, student centers, academic buildings, and in other non-campus buildings as required. In some cases, officers will go door-to-door in off-campus and on-campus locations to speak with students about an incident that has occurred in their vicinity.

Timely warning flyers related to an ongoing concern for violence will have a top banner that reads “PUBLIC SAFETY NOTICE.” The color of the top banner will change with each Public Safety Notice Issued. For those timely warnings related to an ongoing property crime problem or about general safety related information, DPS will issue an alert with a black top banner that reads “PUBLIC SAFETY INFORMATION,” and those that provide information regarding a threat that has passed or an update to a previously issued Public Safety Notice or Public Safety Information will have an orange top banner that reads “PUBLIC SAFETY UPDATE.”

Timely warnings are issued in response to all serious crimes reported either to the DPS or SPD, as well as to less serious crimes that

show evidence of repetitive patterns. Public Safety Notices (Updates, Information) are usually distributed for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Incidents of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and whether there is a continuing danger to the campus community. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other University community members and a notice would not be distributed. The DPS chief or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Public Safety Notice is warranted. Notices may also be issued for other crime classifications, as deemed necessary.

Timely warnings are intended to warn the community of suspects at large or an on-going threat to campus community members, and to seek the community’s help in identifying suspects and gathering pertinent crime details.

Follow-up information will be disseminated when appropriate and all alerts are posted online at <http://publicsafety.syr.edu>. An interactive map is made available to better illustrate where an incident occurred in relation to the campus.

Anyone with information warranting a timely warning is encouraged to report the incident to DPS by immediately calling (315) 443-2224, toll-free 1-855-443-2224 or 711 from a campus landline.

Service to the Off-Campus Community

Students, faculty, staff, and guests of the University are encouraged to accurately and promptly report all criminal incidents and other emergencies that occur in locations surrounding the campus to the Syracuse Police Department (911). To report non-emergency incidents, call 315-442-5111.

DPS works closely with the Syracuse Police. When the SPD investigate an incident in which a Syracuse University student is involved at an off-campus location, including a non-campus building such as a fraternity or sorority, the DPS is usually notified immediately. The DPS

and University officials from the Department of Student Affairs work closely together to address criminal activity and/or other issues at recognized fraternities and sororities. The DPS also responds to student-related incidents at off-campus locations in

the neighborhoods surrounding the University at the request of the SPD.

The DPS Emergency Communications Center has direct communications with the SPD, the Onondaga County Emergency 911 Center, as well as with fire and ambulance services. All DPS peace officers have inter-operable radios with the SPD, allowing

them to monitor police calls affecting the neighborhoods adjoining the University.

Sexual assaults at off-campus locations may be reported to the Syracuse University Advocacy Center at 315-443-7273 and to the Title IX Coordinator at 315-443-0211 (office located in the Skytop Office Building). The Advocacy Center is located at 111 Waverly Avenue.

Blue Light Phone System

There are over 145 emergency two-way call stations at strategic locations throughout campus. When the red alarm button is depressed, an individual can communicate directly with a DPS dispatcher/communications officer. The dispatcher will send a peace officer or emergency team to respond to the incident. A map of the blue lights can be viewed at http://publicsafety.syr.edu/html/blue_lights.html.

Security Systems

For your enhanced safety, Syracuse University has installed a video security system on campus that includes over 500 cameras, which can capture over 800 views and outdoor vantage points around campus and the surrounding area through moveable and fixed cameras. While not every camera is directly monitored at all times, all cameras on the system are constantly recording.

In addition to outdoor areas, entrances and exits of all residence halls and most other campus buildings are covered by the system. The system is constantly maintained and upgraded to improve the safety of the campus community, and cameras are added to the system periodically. Careful attention is given to

the protection of information and images so it is used only as intended for approved University services.

For further information, view the complete Video Security Monitoring and Recording policy. Syracuse University maintains an institutional Physical Safety and Security Systems Committee (PSSSC) to oversee various campus-wide technical security systems, including, but not limited to, electronic locking devices, entry alarms, video cameras and/or closed circuit television (CCTV), blue lights, surveillance and life safety monitoring systems/alarms and emergency communications alert systems.

Taking Interest in Your Personal Safety (TIPS)

The TIPS telephone line, 315-443-TIPS (8477), available in both English and Spanish, allows citizens to leave non-urgent anonymous tips via a voice mail system. Calls are not traced.

Bike Registration

Bicycle owners may bring their bikes to DPS for registration, where bicycles will be registered with a City of Syracuse registration number. National studies have shown that bicycles affixed with a clearly identified registration number are less susceptible to theft. Additionally, if a registered bicycle is stolen, the registration number may help in its recovery and return to the rightful owner.

DPS strongly encourages all bicycle owners to utilize a U-bolt type lock to secure your bicycle to help prevent theft.

For more information on bike safety or to schedule a bike registration appointment, fill out our form online at <http://publicsafety.syr.edu/forms/bike-reg-form.cfm>

or contact the Investigations & Crime Prevention Section at 315-443-2224.

Call Trace System for Campus Phones

This service is available to all those with a campus landline, to help them deal with obscene, threatening, harassing, or annoying calls on campus telephones. After receiving such calls, hang up, then immediately dial 157.

Then, file a written complaint with DPS. When Call Trace is activated and a complaint has been filed, Verizon records the call and provides the information to DPS. This service is only available for calls received on campus phones.

If you receive a harrasing or threatening call on your cell phone, quickly note the incoming number if it appears on your screen, hang up, and report the incident to DPS for investigation at 315-443-2224.

Daily Crime Logs

A daily crime log listing all crimes and other incidents reported to DPS is maintained according to the nature of the crime or incident, along with the date, time, general location, and disposition of complaint (if known). The crime log is prepared during business hours, Monday through Friday, excluding holidays and is available to the public at any time. It is also available online at http://publicsafety.syr.edu/html/crime_logs.html. Certain information may be withheld to protect a victim or maintain the integrity of a criminal investigation in progress.

Special Event and VIP Security

DPS provides consultation and security service for both University and public events held on campus. DPS officers provide safety and security protection for dance parties and concerts, athletic events, social and entertainment gatherings, festivals, exhibitions, rallies, and more. For special events information, call 315-443-2520. DPS also provides VIP services for special visitors to campus. For information, call 315-443-0340.

Access to Campus Facilities

Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and guests. The University encourages an open environment with limitations to assure adequate protection of all members of the University community.

Except for residence halls, most campus facilities are normally open when classes are in session, or by special arrangements with the building coordinator, Student Centers and Programming Services (315-443-4240), or DPS.

The general public can attend cultural and recreational events on campus, with access limited to facilities in which the events are held. Authorization for use of campus grounds for assembly purposes must be obtained in advance from Student Centers and Programming Services in the Schine Student Center, Suite 228D.

At night and during times when the campus is officially closed, University buildings are locked.

The Office of Housing, Meal Plan, and I.D.

Card Services controls access to all residence halls through an electronic card access system. Students gain access to their residence halls by swiping their I.D. cards into the card-reading device at the entrance. I.D. cards are non-transferable and may not be used by any other person for any other purpose. I.D. cards are issued to registered students through the I.D. Card Office at 206 Steele Hall (315-443-2721).

Students who live in the residence halls receive colored security stickers to place on their I.D. cards when they check into their hall at the beginning of the academic year. From 8:00 p.m. to 7:00 a.m. Residential Security Aides (RSAs) check I.D. cards to ensure that all people entering the building reside in that residence hall. Guests must be signed in with the RSA by a resident of that hall.

Individuals who suspect their I.D. cards may have been lost or stolen should contact the I.D. Card office during normal business hours, Monday through Friday, 8:30 a.m. to 5 p.m., or DPS after hours (315-443-2224).

South Campus Welcome Center

DPS operates the South Campus Welcome Center to further enhance safety and security on South Campus. The Welcome Center is located on Skytop Road and is staffed from 8 p.m. to 6 a.m. daily, during which vehicle access is limited to students, faculty, and staff. All visitors who are not accompanied by a campus community member must register at the Welcome Center.

Students for Community Safety (SCS)

Residential Security Program

The Residential Security Program (RSP) is committed to providing learning and leadership opportunities for our staff and quality service for our community. Student employees make up the majority of the RSP, serving as Residential Security Aides (RSAs). RSAs are stationed at the main entrances of residence halls daily from 8 p.m. to 7 a.m. At the Brewster-Brockway-Boland complex, RSAs are on duty 24 hours a day.

The primary responsibility of the RSA is to monitor and control access to residence halls by checking the identification of all persons entering the residence halls, and signing in visitors and guests who are escorted by a hall resident.

Students who reside in residence halls are also vital to the successful operation of the RSP. As members of our community, student residents are DPS's eyes and ears in recognizing and reporting suspicious, illegal, or unauthorized activity in residence halls.

Safety Escorts

Walking Escorts are provided for students, staff, and faculty on Main Campus from academic buildings to residence halls or parking facilities, and vice versa. The program operates throughout the academic year. When the University bus service is not running, students can call DPS at 315-443-SAFE (7233) or toll-free at 1-855-443-7233 to receive a shuttle escort. The

shuttle, which runs Sundays 11pm-5am, Mondays and Tuesdays 11pm-3am, and Wednesdays through Saturdays 11pm-6am, will escort students to academic buildings or their home residences.

Shuttle-U-Home (SU Home)

Shuttle-U-Home provides free transportation from campus for students, faculty, and staff who reside off campus within a designated geographic area. The shuttle runs daily from 8:15 p.m. to 3:30 a.m. during the academic year. To use the shuttle, sign up in the Students for Community Safety office in 019 Watson Hall. For shuttle boundaries, visit http://publicsafety.syr.edu/html/shuttle_escorts.html

Orange Alert

Emergency Notification and Response Procedure

With an ORANGE ALERT, the Department of Public Safety will immediately notify the campus community that an existing or impending life-threatening emergency exists. A DPS response to an emergency affecting the campus may be initiated by calling the Department of Public Safety at 315-443-2224, 711 from a University landline, or alternately, by calling 911.

ORANGE ALERT is designed to provide rapid notification and instructions to SU students, faculty and staff, and SUNY College of Environmental Science and Forestry students in the event of a crisis where there exists an immediate threat of serious physical harm.

Confirmation of a crisis occurs when a sworn law enforcement officer, to include DPS or

the Syracuse Police Department (sometimes working collaboratively with other University Departments including the Environmental Health and Safety Services Office, or the Department of Emergency Management/Business Continuity Planning), determines after investigation that the threat posed by the emergency is legitimate. All DPS staff members have the authority to activate the ORANGE ALERT system if necessary.

DPS officers and supervisors have received training in the National Incident Command System (NIMS), the Incident Command System (ICS) as well as in other advanced training, and are trained first responders. DPS officers have a responsibility to respond to, investigate, and remediate any emergency or dangerous situation on property owned or controlled by the University.

Safety Escorts

The first resource for safe student transportation on campus is the CENTRO and Caz Limo bus system. Safety escort requests to DPS during bus hours may be to the nearest bus stop. When the CENTRO busses are not available (generally from 3:00 a.m. to 6:30 a.m.) Student Safety Marshals or DPS staff will provide a walking or riding safety escort to SU students, faculty, and staff from on-campus or near-campus locations to another on-campus location, or if necessary, your near-campus residence. If busses are not running, the escort may be directly to a residence hall, south campus apartment (if the Caz Limo Late Night Express is running, Main Campus to South Campus escorts may be referred to this service) or other near-campus apartment. These escorts are solely for your safety and not for convenience. The safety escort service is not a commuter ride service. You should familiarize yourself with the bus schedules and plan your activities around the schedule. For your convenience, local taxi services are readily available and listed in the local phone book.

DPS officers will respond to emergencies in conjunction with the Syracuse Police Department and other local, state, and federal agencies, and will work with those other first responders in a coordinated effort to manage the incident. DPS will likewise coordinate efforts with other University departments, building coordinators, the Syracuse Police Department and the Syracuse Fire Department to facilitate orderly evacuations of buildings that are adversely affected during emergencies.

After considering the safety of the campus community and after determination that an ORANGE ALERT is required, the on-duty DPS patrol supervisor will decide the appropriate information to disseminate and will utilize various communications mechanisms—including e-mail, text messaging, social media networks, and cell/landline phone calls—to send a brief notice about the incident with instructions of what to do. A typical message might read, “There is a [type of crisis] on campus at [specific location], evacuate the area immediately and remain away until further instructed.”

The ORANGE ALERT electronic communication systems are augmented by sirens located on both the main campus quad and south campus housing. In the event that the DPS patrol supervisor is incapacitated during response to an incident, any DPS campus peace officer may order an ORANGE ALERT.

If an emergency is confined to a specific part of the university; affects a small portion of the community; and might not warrant an ORANGE ALERT, DPS may elect to make notifications differently. In those instances,

notifications relative to possible evacuations may be directed at the inhabitants of a specific building or area of the campus and may be accomplished through a low-tech use of public address systems in public safety vehicles.

DPS will continually assess the need to notify additional segments of the campus community as required.

After an ORANGE ALERT message is broadcast, more detailed follow-up information will be provided through various means, including, but not limited to: the University’s website, University social media resources, e-mail, phone, and campus radio and television resources.

Registering for Emergency Notification

ORANGE ALERT contact information for students, faculty and staff is drawn from the MySlice online information system. To review and/or modify your contact information go to MySlice, log in using your NetID and password, click on the “ORANGE ALERT” link, then review/modify, and save your information. Students at SUNY-ESF should use the ESF emergency contact information page on

MyESF to update their ORANGE ALERT information.

Notifications to the Community

In addition to ORANGE ALERT notifications to the campus community, the University will likewise inform the larger community through media alerts to television and radio by the News Services Department and will post updates at the Syracuse University website at <http://www.syr.edu>.

The University also recognizes that there are some instances where an immediate notification might not be possible or practical. Possible reasons why the University might not immediately issue a notification for a confirmed emergency are if doing so will compromise efforts to: assist victim(s), contain the emergency, jeopardize an expeditious response, or might hamper efforts to mitigate or appropriately address the emergency according to outside agencies to include: the Syracuse Police Department, Office of the Chief of Police, a Syracuse Fire Department Chief, or in the case of a medical emergency, the Onondaga County Health Department's Commissioner of Health.

General information pertaining to emergency responses, evacuation, and "Shelter-in-Place" procedures can also be located on the University's Emergency Reference Guide at <http://emergencyguide.syr.edu>. That webpage is also linked from both the SU webpage at <http://www.syr.edu>, as well as the DPS webpage at <http://publicsafety.syr.edu>. Procedures for emergency responses and evacuation procedures are also detailed more thoroughly later in this brochure under the Fire

Safety portion entitled, "Syracuse University Emergency Evacuation Procedures."

Testing Emergency Response and Evacuation Procedures

ORANGE ALERT is tested twice yearly and the University's siren system is tested weekly. As part of the standard orientation process, students residing in residence halls are provided information on fire safety, fire drills, evacuation processes and shelter-in-place procedures during initial floor meetings, and they are likewise informed about the Emergency Reference Guide on the University's webpage. Additionally, fire/evacuation drills are conducted twice each semester in the University's residence halls, during which students are provided guidance in choosing the most suitable egress when exiting residence halls. Fire drills provide one method of testing fire alarm equipment effectiveness. The Environmental Health and Safety Services Office trains residence hall staff in fire safety at the onset of every academic year, and in the event of a long-term evacuation of a residence hall the Public Safety Department and the Office of Residence Life would communicate information to students relative to the developing situation and selected evacuation shelters.

Residence hall fire drills are monitored and evaluated by members of the Environmental Health and Safety Services Office, DPS, and the Office of Residence Life and problems or issues are addressed immediately. The Department of Public Safety is also provided updated information from the Housing Office

and the Office of Residence Life regarding individuals with special needs residing in residence halls who may require assistance during an evacuation. DPS is likewise provided information from the Registrar's Office regarding individuals who may require assistance during an evacuation of an academic or other on-campus building.

Emergency/Disaster Drills

The Department of Public Safety facilitates an annual on-campus disaster drill by pulling together University departments and outside agencies such as the Syracuse Police Department, the Onondaga County Sheriff's Office, the Syracuse Fire Department, and the local ambulance company. All of the departments coordinate to solve the problem presented in the emergency drill. The live exercise is announced in advance and each drill generally involves either the evacuation of one or more buildings and/or the instruction to shelter-in-place. A post-incident critique is held during which pros and cons are highlighted and discussed to improve upon response effectiveness.

An emergency caused by an intentional act in a campus building might necessitate a specific type of response which could include securing the building, establishing perimeters, searching the building, or initiating a controlled evacuation in a specific manner, among other options. The DPS trains with the Syracuse Police and other local law enforcement entities and is prepared to deal with any eventuality that might occur.

Additionally, various University departments

often participate in inter-department table-top exercises centered on different scenarios to gauge effectiveness in evacuating large

buildings and/or portions of the campus and responding to various on-campus emergencies.

The University's Environmental Health and Safety Services Office conducts annual fire/evacuation drills of on-campus buildings and coordinates these announced drills with the building coordinators and the Public Safety Department. These entities, working together with the building's occupants, conduct follow-up assessments to ensure the emergency response is satisfactory.

Publicizing Emergency Response and Evacuation Procedures

The semi-annual tests of the ORANGE ALERT not only test the effectiveness of the alert system; they simultaneously inform subscribers and community members of the University's Emergency Reference Guide.

Syracuse University Ambulance

Syracuse University Ambulance (SUA) provides basic EMS response and transport services for the Syracuse University community. Call SUA at 711 on campus or (315) 443-4299 off campus for medical emergencies. For more information, visit <http://sua.syr.edu>

Resources

Intervention and Prevention

The Advocacy Center at Syracuse University provides 24-hour crisis response, on-going support and assistance to Syracuse University and SUNY College of Environmental Science and Forestry students (as well as faculty and staff) who have been impacted by sexual and/or relationship violence. The Advocacy Center works with Vera House, which is a local domestic and sexual violence crisis center. It can be reached at 315-468-3260.

Advocates are available 24 hours a day, year-round, to meet with students, inform them of medical and legal options, assist with safety concerns and accompany them to area hospitals and/or law enforcement agencies.

The Advocacy Center advocates inform students of their options and support the decisions of each individual student. The Advocacy Center can assist survivors to facilitate a change in living situation if requested and alternative housing is available and can assist with safety planning. The Advocacy Center serves as a link to health care and counseling services, the Title IX Coordinator, academic assistance, law enforcement agencies, the Office of Student Rights and Responsibilities (OSRR), and other programs and services that support students who are affected by sexual and relationship violence.

The Advocacy Center provides judicial and legal advocacy if a student decides to file an OSRR complaint against another student, a sexual harassment complaint against a staff or faculty member or another student, and/

or pursues criminal prosecution through the criminal justice system. The Advocacy Center is located on the lower level of 111 Waverly Avenue (Health Services building). For 24-hour response and support, call 315-443-7273.

The Advocacy Center also offers a variety of sexual and relationship violence prevention programs. There are numerous opportunities for students to volunteer to become part of the Advocacy Center prevention, education, and outreach team. For more information, visit the Advocacy Center website at <http://advocacycenter.syr.edu> or call 315-443-7273.

Education and Prevention Resources

The Advocacy Center is committed to providing education and raising awareness on campus about sexual and relationship violence by providing opportunities for members of our community to talk with one another about the impact of sexual and relationship violence on our lives and the lives of others. Through dialogue, we can work toward creating a culture that recognizes and supports the role of each individual community member in reducing sexual violence, harassment, relationship violence, stalking, and other forms of abuse. The Advocacy Center programs involve interactive workshops led by staff members and/or peer educators, peer theater, and campus-wide events that promote healthy relationships and healthy sexuality, dispel myths about sexual and relationship violence, define consent, examine messages about gender roles and how they relate to interpersonal violence,

inform participants of the Advocacy Center services and other available resources, and explore what each of us can do to end sexual and relationship violence.

The Advocacy Center coordinates the Syracuse University Mentors in Violence Prevention (MVP) Program. Through the MVP Program, students are trained to facilitate conversations with their peers to help them identify options they have to intervene safely in situations that could lead to violence, thus becoming empowered bystanders who can create positive change in their community.

For more information, visit the Advocacy Center website at <http://advocacycenter.syr.edu> or call 315-443-7273.

- Syracuse University's 12-Point Plan for Substance Abuse Prevention and Health Enhancement gives SU status as one of a select few colleges and universities recognized as a Model College Campus by the U.S. Department of Education under the Safe and Drug-Free Schools Alcohol and Other Drug Prevention Program. For more information, visit <http://counselingcenter.syr.edu/>

Assessment, Early Intervention, and Support Services

- The Options Program, a program within the Counseling Center, provides assessment, intervention, education, and referral services for all full-time students who experience problems or have concerns about their use of alcohol or other drugs. Like all Counseling Center services, it is free and confidential. Students may self-refer or be mandated through a variety of University departments. All services

are provided by certified, licensed, or license-eligible therapists. Students can contact the Options Program by calling directly at 315-443-4234 or through the Counseling Center's main number, 315-443-4715.

- After-hours sexual assault response services are provided under an agreement between Syracuse University and Vera House Inc. Vera House offers immediate advocacy and support for sexual assault survivors, as well as ongoing individual and group counseling and advocacy. The center has a 24-hour hotline available seven days a week. Both the hotline and related services can be reached at 315-422-7273.

- Additional services are available through the Counseling Center (315-443-4715). The Office of Student Rights and Responsibilities (315-443-3728), the Title IX Coordinator (315-443-0211) and the Office of Residence Life (315-443-3637) are also available to assist survivors of sexual assault.

Alcohol and Other Drug Policies

The possession, consumption, sale, and/or distribution to underage students of alcohol are governed by the State of New York and Syracuse University policy. The University is committed to making the campus safe and is proactive in addressing suspected violations surrounding alcohol or other drug violations. Underage drinking is strictly prohibited. It is a violation of University policy for underage students to be in possession of alcohol in any campus setting and those students that are found are subject to the standards established by the University outlined within the Student Affairs Judicial System Handbook. It is

unlawful to sell or provide alcohol to anyone under the age of 21, and any University member found responsible for such behavior faces criminal prosecution and University sanctions.

The Syracuse Police Department actively enforces the city ordinance respective to open containers containing any alcoholic beverage in the neighborhoods adjoining the University; and students in violation of that ordinance are likewise subject to both criminal prosecution and University sanctions.

The possession, sale, manufacture, or distribution of any controlled substance is illegal under both New York State and federal law. All members of the Syracuse University community are expected to fulfill their obligations and responsibilities pursuant to institutional policy and federal, state and local laws. Any disciplinary action imposed by the University may be in addition to penalties imposed by an off-campus authority.

The complete Alcohol, Other Drugs, and Tobacco Policy is available online at <http://supolicies.syr.edu/studs/alcohol.htm> Student policies, which are described in the Student Handbook, are also available online at <http://supolicies.syr.edu/studs/>.

Apartment Living...Safely

The Office of Off-Campus and Commuter Services (OCCS) is committed to offering information, resources, education, and programs that promote skill development, student independence, and civic engagement to all Syracuse University students. In addition, the OCCS provides all students living off-campus or com-

muting to campus from home with support, information, and resource referrals throughout their off-campus housing experience. Students are encouraged to visit the OCCS to learn about the network of educational and community services available to them. The office provides students with information on finding suitable housing, exercising their rights and upholding their responsibilities as tenants and as members of the community, and identifying resources that can assist with other off-campus housing questions. OCCS is available for in-person assistance at 754 Ostrom Avenue, via phone at 315-443-5489, online at <http://off-campus.syr.edu>, and via email at offcampus@syr.edu.

Social Media

The Department of Public Safety has both a Facebook page and a Twitter feed. The department is always looking to foster communication and stay connected with those most important to us - the greater Syracuse University community, and especially students.

Anyone interested is encouraged to 'like' our Facebook page at [facebook.com/SyracuseDPS](https://www.facebook.com/SyracuseDPS), or to follow our Twitter feed @SyracuseDPS.

We post updates on day-to-day department operations and events, as well as campus alerts, crime prevention tips, and much more.

The University Student Conduct System

The University Student Conduct System is designed to reflect and support the educational mission of the institution and ensure fair and equitable treatment for all individuals and groups charged with, or victimized by, student misconduct.

The Office of Student Rights and Responsibilities (OSRR) works collaboratively with DPS to foster a commitment to campus safety while promoting the highest standards of ethical behavior.

Examples of educational and remedial sanctions include community service, decision-making seminars, drug and alcohol assistance, restitution, and writing assignments. In addition, the University has implemented standard sanctions for some violations that have the potential to lead to grave consequences for students and members of the University community.

Procedural advisors are available to assist students involved in the student conduct hearing process. Trained staff and faculty serve as procedural advisors, assisting either the complainant or the respondent with advice on how to prepare for and go through the process.

Students may file a complaint directly with DPS, Human Resources, or the Office of the Senior Vice President for Student Affairs. Pursuant to the University's Student Grievance Procedures, the Office of the Senior Vice President for Student Affairs helps the student resolve the grievance informally and confidentially. If an informal resolution is not possible, DPS notifies the student of its finding. If there are grounds for appeal, the student has five (5) University business days immediately following the day of notification in which to appeal.

Student Grievances

Students and recognized student organizations may file a grievance when they wish to allege that a right enumerated in the Statement of Student Rights and Responsibilities has been violated by any agent of the University. The Office of the Senior Vice President for Student Affairs (315-443-4263) will act as a resource center for students unless otherwise involved in the case, at which time another resource will be provided.

Sexual Assault

Victims of sexual assault and relationship violence have several options, and may choose to use one or more of the following: counseling, medical care, reporting (with or without prosecution), criminal prosecution, registering a University/administrative complaint, civil court action, concurrent actions through both criminal prosecution and the University Judicial process, or no action. (Other than to contact the Title IX Coordinator at 315-443-0211; this contact is essential, even if you want to remain anonymous or choose not to pursue other actions, so that the University can protect against the offender repeating the offense.)

We understand that these decisions are often emotional and difficult. Victims are encouraged to make use of one or more of the following agencies in considering their options:

TISP: Through the Trusted Information Sharing Program (TISP), victims of sexual assault are offered an anonymous reporting document while they are meeting with their Advocacy Center advocate. Victims who fill out the document agree to allow details of their assault to be reported to the Syracuse Police Department through DPS, and to the Title IX Coordinator. A formal report will not be filed on the incident. However, details from the incident could be used to solve other crimes or identify crime patterns in the area.

Advocacy Center (315-443-7273) advocates are available to discuss all options, including medical and legal options, and assist and/

or accompany students through any of the processes they may choose to pursue.

DPS has Investigators assigned to the Investigations & Crime Prevention Section (315-443-2224) who are specifically trained to respond to sexual assault reports. The victim's safety and welfare are of primary concern. Medical and support services are readily available, if needed. Whether or not the victim chooses to prosecute, DPS will refer and assist the victim through investigative and other avenues.

As a matter of policy, if the offender is affiliated with the University, the appropriate office (OSRR, Title IX Coordinator, Human Resources, Academic Affairs) will be notified. Although a victim can choose whether or not to pursue the matter further, DPS is legally obligated to notify the Syracuse Police Department's Abused Persons Unit (APU) and the Onondaga County District Attorney's Office Special Victim's Unit that a sexual assault has been reported in their jurisdiction. DPS officers/investigators are available to act as liaisons with local law enforcement agencies and to provide transportation to appointments with them.

Local law enforcement agencies, which have jurisdiction over the geographic area where the assault occurred, can provide an officer/investigator to explain their criminal investigation procedures to the victim.

The campus is divided into three local law enforcement jurisdictions—Syracuse Police Department, Onondaga County Sheriff's

Office, and Town of DeWitt Police. The APU is composed of specially-trained investigators who provide invaluable assistance to victims of sexual assaults and relationship violence. The Advocacy Center and DPS have excellent relations with each of these agencies and can assist with referring victims to the appropriate agency.

The Department of Public Safety strongly encourages victims of sexual abuse to report incidents as soon as practical and from a safe location regardless of where the alleged sex offense occurred, so that a report can be initiated if desired. A report will ensure that medical attention can be obtained at no cost to the victim; counseling can be provided from counselors specifically trained in sexual assault crisis intervention; and all possible physical evidence can be safeguarded.

Time is a critical factor for evidence collection and preservation. Ideally, a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam.

Additionally, reporting a sexual offense to University officials will assist a student-victim residing on campus relative to housing changes if necessary, or other interim relief as needed and available. The University will work to change a victim's academic or on-campus living situations when reasonable accommodations allow, and will also facilitate the acquisition of a 'No Contact Order' from the OSRR in the event that the offender is also a student.

The Onondaga County District Attorney's Office Special Victims Unit is composed of trained prosecutors who are especially sensitive

in assisting sexual assault victims through the criminal court process. The D.A.'s office provides experienced attorneys, at no charge, to review, advise, and/or prosecute these cases. DPS and the Advocacy Center have excellent relationships with this office, and can assist with referring and/or transporting victims there.

The OSRR reviews and addresses administrative complaints filed with offenders who are Syracuse University students. DPS can assist a victim in filing a complaint with the Office of Student Rights and Responsibilities.

The Title IX Coordinator (315-443-0211) coordinates all matters regarding sexual harassment, sexual assault or other types of sexual misconduct involving students, staff and faculty. Although the city, county, and state provide the services of law enforcement and the D.A.'s office free of charge to review, investigate, and/or prosecute criminal cases, a victim can also elect to take the case to civil court. For civil lawsuits, all parties must locate their own private attorneys and pay for attorney and court fees.

Syracuse University Information: Nonconsensual Sexual Activity, Other Types of Sexual Violence, Sexual Harrassment

Syracuse University is committed to the maintenance of an environment which is supportive of its primary educational mission and free from all exploitation and intimidation. The University will not tolerate rape, sexual assault, domestic or dating violence, stalking, sexual coercion and non-contact sexual abuse such as voyeurism, and sexual exploitation

or other forms of sexual violence or nonconsensual sexual activity.

The University will respond promptly and equitably to any such incidents and to any student, staff, or faculty member who reports such incidents.

The University prohibits harassment or discrimination related to age, creed, ethnic or national origin, gender, pregnancy, disability, marital status, political or social affiliation, race, color, veteran status, military status, religion, sexual orientation, domestic violence status, predisposing genetic characteristics, arrest record when resolved in person's favor or disposed of as a youthful offender adjudication, conviction record when sealed or when there no direct relationship between the offense and the role of the student at the University and no unreasonable risk to property, safety or welfare of others, or gender identity, gender expression or perceived gender.

Sexual harassment is prohibited. It is a form of sexual discrimination. It is unwelcome behavior of a sexual nature that relates to the gender or sexual identity of an individual. Even without creating an intimidating or hostile environment for study, work, or social living, unwelcome behavior of a sexual nature is a violation of the University's Code of Ethical Conduct. If it has the purpose or effect of creating an intimidating or hostile environment, it also may create legal liability.

Syracuse University supports these policies for students, faculty, and staff through its educational prevention programs and its counseling and medical support services.

Syracuse University enforces these policies

through internal disciplinary procedures, security programs, and the encouragement of external prosecution of alleged offenders through appropriate external judicial forums. Violations of this policy shall include, but not be limited to, the following:

1. Any form of nonconsensual sexual intercourse, committed by physical force, coercion, threat, or intimidation, actual or implied, by a person(s) known or unknown to the victim. Sexual intercourse can involve anal, oral, or vaginal penetration, no matter how slight.

2. Any actual or attempted nonconsensual sexual activity including, but not limited to: sexual intercourse, or sexual touching, committed without physical force, coercion, threat, or intimidation; exhibitionism or sexual language of a threatening nature by a person(s) known or unknown to the victim.

3. Stalking, defined as intentionally and for no legitimate purpose engaging in a course of conduct directed at a person knowing (or should reasonably know) that such conduct is likely to cause reasonable fear of material harm or does cause material harm to the other person.

4. Sexual assault (known as forcible touching under NY law) which is defined as intentionally and for no legitimate purpose forcibly touches the sexual or other intimate parts of another person for the purpose of degrading or abusing such person or for gratifying sexual desires.

Lack of consent in New York is forcible compulsion, incapacity to consent (such as a minor—under the age of 17; or mentally incapacitated or physically helpless). In the case of forcible touching, lack of consent is when the victim does not expressly or impliedly

acquiesce to the conduct. Nonconsensual includes situations in which the victim is unable to consent because he/she is physically helpless, or is mentally incapacitated due to drug or alcohol consumption, or is unconscious, regardless of whether or not the consumption was with the victim's consent.

It is important to preserve evidence related to any of these prohibited behaviors.

It is against University policy and against the law to retaliate against a person for making a complaint of sexual violence or harassment.

Any retaliation should be promptly reported to the Title IX Compliance Coordinator 315-443-0211.

Victims of nonconsensual sexual activity may seek supportive services at The Advocacy Center (students) at 315-443-7273. Confidential counseling services are available at the Counseling Center (students) at 315-443-4715 or at the Faculty and Staff Assistance Program (faculty/staff employees) at 315-443-1087. People concerned about conduct or comments that implicate this policy should contact the Title IX Coordinator at 315-443-0211, the Department of Public Safety (DPS 711 or 315-

443-2224), the Office of Student Rights and Responsibilities, Residence Life, or Human Resources as soon as possible after the alleged incident.

Complaints against members of the University community may also be filed by non-community members through the Department of Public Safety or the Title IX Coordinator. The University will conduct an investigation, as appropriate under the circumstances. Who does the investigation varies depending on the circumstances, but typically investigations are conducted by DPS, the Office of Student Rights and Responsibilities, the Title IX Coordinator's office, and/or the Academic Freedom, Tenure and Professional Ethics (AFTPE) Committee.

The people conducting investigations or hearing matters receive annual training on these issues including protecting the safety of the complainant and promoting accountability. If the complainant does not desire the use of his/her name, the Title IX Coordinator's office can typically look into matters and resolve matters without revealing complainant's name. The law requires that some information be reported publicly but that information does not include complainant's name.

Interim relief such as no contact orders, moving the accused, changes in living and/or working and/or academic situations, escort services, referrals to counseling may be provided as requested (Contact the Title IX Coordinator at 315-443-0211 or the Office of Student Assistance at 315-443-4357) and when available. Such relief can be sought without regard to whether the complainant chooses

Sexual Harassment Policy

Syracuse University is committed to maintaining a learning, research, living, and work environment free of sexual harassment. Sexual harassment corrodes the values most central to the mission of this University. Avoiding its occurrence is of the highest priority. The University's sexual harassment policy is available online at supolicies.syr.edu/ethics/sexual_harass.htm

to report the matter to DPS or to local law enforcement.

Additional relief such as protective orders may be available through the criminal and/or family court process. DPS (315-443-2224) can assist in these areas.

In cases involving alleged criminal conduct, DPS will assist a complainant in making a criminal complaint if he/she wishes, and any criminal complaint will be forwarded to the appropriate law enforcement agency. For the main campus in Syracuse, this is the Abused Persons Unit of the Syracuse Police Department.

Complaints against students will be forwarded to the Office of Student Rights and Responsibilities for resolution within the University Student Conduct System. Complaints against University employees will be forwarded to the Office of Equal Opportunity, Inclusion, and Resolution Services for resolution within the University's respective grievance procedure systems. Members of the University community found to be in violation of this policy through the procedures and systems described above shall be subject to sanctions, including suspension and permanent expulsion.

This policy shall supplement all other University policies relating to sexual abuse and harassment, all of which shall remain in effect. For more detail, please see the Sexual Harassment, Abuse, and Assault Prevention Policy at http://supolicies.syr.edu/univ_senate/sexual_harass.htm.

Procedures for Nonconsensual Sexual Complaints and Other Violent Crimes

The OSRR publishes the University Conduct System Handbook, which details the operation of the University Conduct System. Both the complainant and the respondent in any violent crime, including nonconsensual sexual activity cases, are entitled to the same opportunities to be assisted by a procedural advisor during a disciplinary hearing. In addition, both the complainant and the respondent are informed of the outcome of any disciplinary proceeding conducted within the University Judicial System. If the alleged victim is deceased as a result of the crime or offense, Syracuse University will provide the results of the disciplinary hearing to the victim's surviving family member, upon request. For more information concerning the procedures contact the OSRR at 315-443-3728, visit 310 Steele Hall, or visit <http://judicial.syr.edu/>

Sanctions for violations of University policies regarding sexual assault may include the following measures: relocation or loss of campus housing privileges; reassignment of academic courses to avoid contact with the complainant; and status sanctions, including disciplinary probation, suspension, or expulsion.

All University Conduct System sanctions are separate from any criminal sanctions that may be imposed on adjudged subjects.

Directions Regarding Reporting Suspected Child Abuse of Maltreatment of Minor Children in University Programs

Syracuse University’s mission of educational excellence and public engagement is rooted in its vision of Scholarship in Action. The fulfillment of this mission is tied deeply to access, opportunity, and cross-institutional collaboration. The Syracuse University community serves and partners with a broad array of internal and external constituents from a variety of communities, near and far, of all ages, in an intentionally open environment.

Inherent to fulfilling this mission is the recognition by all who serve the institution that there is a human obligation to provide safety for all persons of all ages who participate in its programs. All members of the University community are stewards of these relationships and must recognize the differences of power that often exist in them. As members of the community, we all have the responsibility to protect those who are in a position of vulnerability. This is fulfilled when all individuals share in accountability for this obligation. In this way, members of the University community accept and endorse the basic principle of safety that supports our institutional commitment to access, opportunity, and cross-institutional collaboration, all of which exist to serve the core mission.

The policies of the University are concerned with the conduct of the members of the community, and the University will make

sure that the procedures regarding behavior and accountability are in accordance with this statement.

Syracuse University herein provides directions for members of the campus community to follow in reporting witnessed or suspected past or current abuse involving a minor child (under the age of 17). For definitions and more information, see <http://www.ocfs.state.ny.us/main/cps/critical.asp>.

Mandated Reporters:

Syracuse University employs a number of individuals in roles that New York State designates as “Mandated Reporters.” These are generally individuals whose professions place special, legislated responsibilities upon them as related to reporting suspected child abuse and maltreatment. The complete requirements for training and reporting for these individuals can be found at <http://www.ocfs.state.ny.us/main/publications/Pub1159.pdf>, but those Mandated Reporters include the following insofar as they are employed in that capacity at Syracuse University:

Physician; registered physician assistant; psychologist; registered nurse; social worker; emergency medical technician; licensed marriage and family therapist; licensed creative arts therapist, licensed mental health counselor; PreK-12 school teacher, school guidance counselor, school psychologist, school social worker, school nurse, school administrator or other school personnel required to hold a teaching or administrative license or certificate; social services worker; day care center worker; school-age child care worker; residential care

facility worker; child foster care worker; mental health professional; substance abuse counselor; alcoholism counselor; peace officer; police officer.

Mandated Reporters, as soon as they suspect either past or ongoing abuse or maltreatment, must report concerns by telephone to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR). The SCR is open 24 hours a day, seven days a week, to receive calls. The telephone numbers to report abuse or maltreatment are:

- For Mandated Reporter (800) 635-1522
- In Onondaga County, the county-run child abuse hotline may be used instead of the SCR: Onondaga County (315) 422-9701
- Oral reports to the SCR from a Mandated Reporter must be followed within 48 hours by a written report to the local department of social services' CPS unit on form LDSS-2221A. A copy of this form and the local mailing address can be obtained by contacting your local department of social services, or by visiting the New York State Office of Children and Family Services (OCFS) website at <http://www.ocfs.state.ny.us>. For any suspected past or ongoing abuse, SU's Department of Public Safety (DPS) must be contacted, either by the employee or by the employee's supervisor.
- For any observed instance of physical or sexual abuse, the observer should immediately call 911 to reach the Syracuse City Police, and/or the law enforcement department in whose jurisdiction the incident occurred (e.g., Onondaga District Attorney's Office: 315-435-2470, for incidents within Onondaga County). The observer should also contact DPS at 315-

443-2224.

- The SU's Department of Public Safety (DPS) peace officers have many of the same capabilities and obligations on campus as police officers in New York State. Nevertheless, in all instances where DPS receives reports of either observed or suspected past or current abuse or maltreatment, DPS will notify local law enforcement.

For All Other Members of the Syracuse University Community:

It is possible that New York State will amend its statutes to include more members of the higher education community as Mandated Reporters, such as college coaches, athletic directors, professors, and college administrators; at present the following reflects the directives of Syracuse University to its community members who are not Mandated Reporters under the current statutes.

Syracuse University calls upon members of its campus community to act and respond promptly in ways that create and sustain the most productive and supportive environment possible for all in our community. While we all must be vigilant to prevent instances of violence of any kind, the University has provided specific directions for members of the campus community regarding the reporting of actual or suspected abuse or violence against children.

1. If you witness an instance of sexual or physical abuse against a child as it is occurring, immediately call 911 to reach the Syracuse City Police, or the law enforcement department where you are located. You should also contact SU's Department of Public Safety (DPS) at 315-443-2224.

2. If you have not witnessed child abuse, but suspect it may be occurring or may have occurred at a child’s home or in another setting, immediately contact New York State Child Protective Services at 1-800-342-3720. For more information, you may visit the NYS-CPS website. You should also contact SU’s Department of Public Safety (DPS) at 315-443-2224.

3. If you have concerns about other possible illegal, inappropriate, or questionable behavior, you may promptly report them to SU DPS at 315-443-2224. In addition, DPS has a Silent Witness program, which allows individuals to report concerns about criminal activity. (https://secure.ethicspoint.com/domain/en/report_company.asp?clientid=6432) For instances of suspected cases of sexual abuse of a minor, the University’s Gender Equity/Sexual Harassment/Title IX Coordinator is available to answer questions and provide information at 315-443-0211.

For supervisors, managers and others to whom University community members might report concerns, please use the guidance above to direct your reports to law enforcement and/or appropriate campus agents. When in doubt, direct any reports of observed or suspected misconduct to SU DPS at 315-443-2224.

For all those who direct or manage programs with minor participants, in addition to these general directives, you should refer to University guidelines on requirements for administering programs for youth participants in your division of the University, available from the Gender Equity/Sexual Harassment/Title IX Coordinator (315-443-0211).

Addressing Counselors

Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary/confidential basis for inclusion into the annual crime statistics. Counselors are defined as:

Pastoral Counselor: An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor: An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Registered Sex Offenders

To date, DPS has been notified by the New York State Division of Criminal Justice Services of one (1) registered Level 2 or Level 3 sex offender enrolled or employed at Syracuse University. New York State Law prohibits the University from disclosing or disseminating information regarding Level 1 offenders that it receives from the Division of Criminal Justice Services.

You may obtain more information about the New York State Department of Criminal Justice Services' Sex Offender Registry and high-risk (Level 3) registered sex offenders at: <http://www.criminaljustice.state.ny.us/nsor>

Relationship/Dating Violence

Relationship violence is defined as violence committed by a person who is or has been in a relationship - of a social, romantic or intimate nature - with a victim. The existence of such a relationship is to be determined by the length and type of relationship and the frequency of interaction. Relationship violence can occur within dating relationships and marriages, and can occur within heterosexual and same-sex relationships.

The physical violence, threat, or intimidation may occur at differing intervals, may involve one or more parties to an intimate relationship, and may include varying degrees of aggression. The Department of Public Safety (315-443-2224), The Advocacy Center (315-443-7273) and the Title IX Coordinator (315-443-0211) are available to assist students who are targets of relationship violence.

Domestic Violence

Domestic Violence is defined as any felony or misdemeanor crime committed by a current or former spouse of the victim; a person the victim has a child with; an individual who lives or has lived with the victim as a spouse, or a person similarly situated to a spouse; and any other person committing an act against an adult or youth victim who is protected from that person's acts under domestic or family violence laws of the jurisdiction.

Stalking

Stalking can be defined as engaging in conduct directed at an individual that would cause any reasonable person to fear for his/her safety or that of others, or that inflicts emotional distress. Stalking behavior can include following a person, appearing at a person's home; repeated, unwanted, intrusive, and frightening communications by phone, mail, e-mail, or text; leaving or sending unwanted items or presents, making direct or indirect threats to harm a person or someone close to that person, vandalizing a person's property, posting information or spreading rumors on the Internet, and/or obtaining personal information about an individual by accessing public records, going through garbage, following an individual, or contacting the friends of the targeted individual.

Stalkers can be individuals who are known to the targeted individual, such as a current or former intimate partner or an acquaintance, or they can be strangers.

The Department of Public Safety can work with individuals who are targets of stalking behavior to develop a safety plan and a plan to prevent the continuation of the stalking behaviors. The Advocacy Center (315-443-7273) and the Title IX Coordinator (315-443-0211) provide assistance to students affected by stalking behavior.

SU Abroad

Safety Abroad

Through a relationship between DPS and the Syracuse University Abroad programs, students attending programs abroad receive updated information relating to safety and security concerns in the country they are visiting.

Because of the cultural differences of foreign countries, students who become victims of crime are encouraged to work through the SU Abroad site director to assist with reporting crimes to local police. Nonetheless, in the event of an emergency, the local police department should be contacted immediately. Campus law enforcement authorities,

Syracuse University's policies relative to the illegal possession, use, and sale of alcoholic beverages and the possession, use, and sale of illegal drugs are applicable to students completing coursework in foreign countries.

Syracuse University's programs to prevent sex offenses and procedures to follow when a sex offense occurs are outlined in other sections of this booklet and are generally applicable in foreign countries. Students should immediately report any sexual assault or attempted sexual assault to the director or staff designee of the SU Abroad site. This individual will work with you to explain all

available options to obtain police assistance, medical attention, and counseling services.

DPS and the Office of Risk Management conduct periodic site visits at select program locations to perform security surveys, develop liaisons with host-country law enforcement officials, and present crime prevention

such as DPS, do not exist at any of the SU Abroad sites. Campus security procedures, practices, and programs designed to inform students about the prevention of crime are provided during orientation. Students are encouraged to be responsible for their own security and the security of others.

programs to staff members.

The following charts summarize crime statistics from each of Syracuse University's Abroad sites, located in various countries outside the United States. The crime statistics were obtained from the directors of each respective SU Abroad site and from the police agencies having jurisdiction over those sites.

Crime Charts

The crime statistics contained in this handbook are compiled and reported in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting Guidelines and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This document, available online at <http://publicsafety.syr.edu>, contains crime statistics for the past three years.

You may request a printed copy of this document by writing to the Syracuse University Department of Public Safety, 130 College Place, 005 Sims Hall, Syracuse NY 13244, by calling 315-443-8972, or by email at dpsadmin@syr.edu. As required by state law, DPS reports all violent felony offenses, as defined in section 70.02 sub.1 of the New York State Penal Law, and cases involving missing students to the SPD.

SU Crime Statistics

All crimes reported to DPS are recorded in the University's crime statistics archive. Other sources of crime statistics are the Office of Residence Life, the Office of Student Rights and Responsibilities, the Office of Equal Opportunity, Inclusion and Resolution Services, the Advocacy Center, and other campus security authorities. Crime statistics are also requested and obtained from local law enforcement agencies for crimes that occur on campus property, non-campus property, or public property, as defined in this publication. Crime statistics for all of the SU Abroad sites are obtained from the director of each respective SU Abroad site. Statistics obtained from all of the above referenced sources are gathered each year through correspondence with each respective agency, and are included in the University's annual security report. The statistics in these charts may also be viewed at the U.S. Department of Education's web site at <http://ope.ed.gov/security/>

Hate Crime Statistics

The University reports hate crimes precipitated against individuals or groups when the motivating reason, in whole or part, can be attributed to race, gender, gender identity, religion, national origin, sexual orientation, ethnicity, or disability prejudice. Domestic violence and dating violence are also included within the hate crime category. In addition to murder, manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, and arson, the University also reports hate crimes attributed to larceny, simple assault, intimidation, and criminal mischief.

In 2010, one hate crime was reported. A vandalism/graffiti incident was reported on campus. There were no reported hate crimes in 2011 or 2012.

Syracuse Police Department Statistics

For a comprehensive look at crime statistics within the East and South sections of the City of Syracuse which border the University's geographic area, visit the Syracuse Police Department's website at www.syracusepolice.org. Some of these statistics do not fall within

the mandated jurisdictions of reportable areas required by law and are strictly informational.

Bias Policy

No one may be discriminated against or harassed by any agent or organization at Syracuse University for reasons of age, color, ethnic or national origin, physical disability, marital status, political or social affiliation, race, religion, gender, sexual orientation, or other protected category.

Students should report incidents to the Office of Student Rights and Responsibilities at 310 Steele Hall, 315-443-3728, or to Equal Opportunity, Inclusion and Resolution Services at 315-443-0211. Emergencies should be reported to DPS at 315-443-2224 or 711 from a campus phone.

University Statement of Principles

Syracuse University's mission of educational excellence and public engagement is rooted in its vision of Scholarship in Action. The fulfillment of this mission is tied deeply to access, opportunity, and cross-institutional collaboration. The Syracuse University community serves and partners with a broad array of internal and external constituents from a variety of communities, near and far, of all ages, in an intentionally open environment.

Inherent to fulfilling this mission is the recognition by all who serve the institution that there is a human obligation to provide safety for all persons of all ages who participate in its programs. All members of the University community are stewards of these relationships and must recognize the differences of power that often exist in them.

As members of the community, we all have the responsibility to protect those who are in a position of vulnerability. This is fulfilled when all individuals share in accountability for this obligation. In this way, members of the University community accept and endorse the basic principle of safety that supports our institutional commitment to access, opportunity, and cross-institutional collaboration, all of which exist to serve the core mission.

The policies of the University are concerned with the conduct of the members of the community, and the University will make sure that the procedures regarding behavior and accountability are in accordance with this statement.

Definitions

Definitions of Reportable Crimes

In compliance with the Clery Act, definitions of reportable crimes are taken from the Federal Bureau of Investigation's Uniform Crime Reporting Guidelines. The definitions for murder, robbery, aggravated assault, burglary, motor vehicle theft, arson, illegal weapons possession violations, drug law violations, and liquor law violations are excerpted from the Federal Bureau of Investigation's Uniform Crime Reporting Handbook. The definitions for sex offenses are excerpted from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Handbook.

- **Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.
- **Arson:** Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.
- **Bias-Related Incidents:** Behavior that constitutes an expression of hostility against a person or property of another because of the targeted person's actual or perceived race, religion, sexual orientation, ethnicity, national origin, gender, age, or disability.
- **Burglary:** The unlawful entry of a structure to commit a felony or a theft.
- **Drug Law Violation:** The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.
- **Hate Crimes:** Federal law defines hate crimes as those that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability.
- **Illegal Weapons Possession:** The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.
- **Liquor Law Violation:** The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.
- **Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle.
- **Murder and Non-negligent Manslaughter:** The willful (non-negligent) killing of one human being by another.
- **Negligent Manslaughter:** The killing of

another person through gross negligence.

- **Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Sex Offenses

Forcible is defined as any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent. This category includes the following:

- **Forcible Rape:** The carnal knowledge of a person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity or because of his or her youth.
- **Forcible Sodomy:** Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his or her youth or because of his or her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object:** Is the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his or her youth or because of his or her temporary or permanent mental or physical incapacity.
- **Forcible Fondling:** The touching of the

private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his or her youth or because of his or her temporary or permanent mental incapacity. Forcible fondling includes “indecent liberties” and “child molesting.”

Nonforcible sex offenses are incidents of unlawful, nonforcible sexual intercourse:

- **Incest:** Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Nonforcible sexual intercourse with a person who is under the statutory age of consent.

Definitions of Geographical Categories

Please note, the aforementioned policies apply to all campuses, unless otherwise noted.

- **Campus:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, and including residence halls.

Any building or property that is within the geographic area, is frequently used by students, and/or supports institutional purposes (such as a food or other retail vendor), and that is owned by the institution but controlled by another person or organization.

- **Residence Halls:** On-campus dormitories or other residential facilities for students. Please

note that statistics reported in this category are a subset of those reported in the “campus” category.

- **Non-Campus:** Any building or property owned or controlled by a student organization that is officially recognized by the institution. Or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

- **Public Property:** All public property, including parks, thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to, and accessible from, the campus.

All staff at Greenberg House have reviewed the procedures detailed within the Emergency Management Procedures, included in the Greenberg House Procedure Manual (located at the reception desk in the foyer of the facility). **All University policies apply to all campuses, unless otherwise noted.** Any notices from DPS are posted on greenberghouse.syr.edu when necessary, and staff, faculty and students also receive email notifications. Crimes are reported to DPS using a Crime Statistic Report Form, which is promptly returned to the Department of Public Safety, and reflected in a Daily Crime Log (uploaded on greenberghouse.syr.edu when necessary.)

*This facility opened in February 2011; no statistics included for 2010.

The SULA has an independent Emergency Plan, which is posted prominently in the building. In the event of a citywide emergency or natural disaster, the campus administrators request that students and staff contact Shelly Griffin to ensure everyone is accounted for. Then, the facility's policy is to comply with any emergency instructions provided by the city. Students at Oakwood are requested to meet with peers at the designated Emergency Assembly Point in the parking lot of Building X, an open air lot. SULA hosts safety presentations at Oakwood about general personal security (locking apartments and cars), and also by the Los Angeles Fire Department about disaster (earthquakes, wild fires) preparedness. **All University policies apply to all campuses unless otherwise noted.** Emergency notifications are made via email (on a listserv) and posted on the campus web site (<http://greenberghouse.syr.edu/>). The program director determines when timely warnings need to be issued (in consultation with DPS, if necessary). Email and web postings are used to disseminate the warning.

Fire Safety

Introduction

The following is Syracuse University's 2012 Campus Fire Safety Compliance Report. The report includes fire safety statistics, student housing facilities' safety systems, and fire safety policy standards and practices. It will be made available to current students and employees and prospective students and employees by electronic notification, mailings, and a website (<http://safety.syr.edu>). A copy will be sent to the U.S. Department of Education (DOE).

Fire Safety

The Environmental Health and Safety Services Office (EHSS), under the direction of the Risk Management Department, is dedicated to maintaining a safe and healthy environment for the campus community. EHSS and the campus community cooperate in fulfilling this responsibility. The Syracuse University campus is serviced by the City of Syracuse Fire Department which is an Insurance Services Office (ISO) class 1 fire department.

Syracuse University's student housing facilities include 21 major residence halls and 125 south campus apartment buildings.

Fire Safety Inspections by New York State

In 2003, the New York State Office of Fire Prevention and Control (OFPC) began to conduct annual inspections and audits that included inspections of student rooms, common areas, and mechanical spaces in the major residence halls, south campus

apartments, academic and administrative buildings, and sports venues. These inspections are based on the New York State Fire and Property Maintenance Code and National Fire Protection Association (NFPA) standards.

OFPC also conducts follow-up inspections to ensure that any violations are corrected. If compliance is not met, a monetary fine is assessed. Since the inception of the OFPC inspection program, Syracuse University has not received a fine for non-compliance in any student housing facility.

Fire Safety Systems and Fire Safety Systems Inspections by Syracuse University

All Syracuse University residence halls are equipped with addressable fire alarm systems that are monitored 24 hours a day, 7 days a week by the Department of Public Safety.

In 1999, the University implemented a five-year \$12 million plan to retrofit all the University-owned residence halls with sprinkler systems. The plan was completed in four years. Currently, every University-owned residence hall has sprinkler systems protecting 100 percent of the building. The residence hall student rooms are equipped with both sprinklers and smoke detectors. The sprinkler systems are inspected, tested, and maintained as per New York State Fire Code and NFPA Standard 25. In addition, in accordance with NFPA Standards 13 and 25, the University has a five-year sprinkler obstruction plan. Under

the direction of EHSS, the piping inside of the sprinkler systems is inspected with a camera to ensure that it is free of any debris and sediment buildup which may limit its effectiveness. Flushing of sprinkler piping is conducted as necessary.

The residence halls and south campus apartments are equipped with fire extinguishers, and training is provided to resident directors and advisors at the beginning of every academic year. EHSS visually checks and maintains the extinguishers monthly.

Fire Safety inspections are conducted by EHSS in every residence hall at least four times per year. A report is submitted to the Office of Residence Life (ORL) and the Housing Zone maintenance staff. EHSS performs follow-up inspections to ensure that violations are corrected.

Fire Safety Policy

To minimize the potential for fire in student housing facilities, Syracuse University's policy prohibits unsafe behavior and storage of certain items in student housing. This policy is enforced by EHSS and ORL. Inspections are conducted each semester in student housing facilities to identify prohibited items. If prohibited items are found, students are either referred to the Office of Judicial Affairs or to ORL. Follow-up inspections ensure that the appropriate corrections were made. If candles, halogen lamps, lighter fluid, propane, or any other prohibited materials are found in student rooms, the items are confiscated by EHSS and/or ORL staff.

Policy on Portable Electrical Devices, Smoking, and Candles

- **Smoking:** Smoking is not permitted in any University residence hall or apartment.

- **Cooking and Portable Electrical Devices:** Except in locations provided, the students shall not use ovens, hot-plates, or high-resistance heating devices (including, but not limited to, coffeemakers, toasters, toaster ovens, popcorn makers, crock pots, grills, and other similar devices) for any purpose. Use of a compact microwave oven, up to 1000 watts, is permitted if it's the only appliance in use on the circuit.

- **Portable Heaters and Multi-headed Lamps:** Space heaters, halogen lamps, and multi-headed lamps are prohibited and subject to immediate confiscation.

- **Candles:** Use or possession of candles or incense is prohibited. For religious observations, candles and/or incense may be used in public areas designated by staff with constant vigilance by the user. All candles discovered in a student's room/apartment will be confiscated and discarded; in the event that candles are found to be in use, students will be referred to the Office of Judicial Affairs.

Fire Safety Education and Training

EHSS and ORL, with the assistance of the City of Syracuse Fire Department and OFPC, conduct an annual Fire Safety Academy for professional Residence Life staff. The academy consists of five training modules as follows:

- 1) **Emergency Evacuation Procedures.** This module is demonstrated by using theater smoke to simulate the conditions that would be present during a fire. EHSS staff discuss proper

emergency evacuation procedures, informs the participants what to expect, and then sends participants through a smoke-filled hallway. After participants navigate the smoke-filled hallway, there is a brief discussion about lessons learned that Residence Life staff can present to student residents in their respective residence halls.

2) Automatic Fire Sprinkler Systems. Residence Life staff learn how sprinkler systems operate. The staff also observes a demonstration of a sprinkler system extinguishing a fire.

3) Hands-on Fire Extinguisher Training. Residence Life staff receive training on proper selection and use of fire extinguishers. The staff is then expected to extinguish a small fire using an extinguisher.

4) Classroom Training. EHSS and ORL teach the Residence Life staff about the University's fire safety policies and procedures.

5) Mock Residence Hall Room Burn. EHSS builds two fully furnished residence hall rooms side-by-side. One is equipped with a sprinkler head while the second is left unprotected. The mock burn provides the participants an opportunity to witness and observe how quickly a fire spreads in a non-sprinklered room and how sprinklers contain and extinguish a fire in a sprinklered room.

After receiving the training, Residence Life professional staff is then required to educate residence hall students living on their floors about what they learned during the Academy. Education is accomplished through floor meetings that are required within the first two weeks after the beginning of classes. The

Residence Life staff is provided with a template to follow when conducting floor meetings. The template includes the following items: a) an overview of the fire safety systems in residence halls; b) emergency evacuation procedures; and c) emergency procedures and a list of appropriate emergency contacts. In addition to the fire safety floor meetings, the Residence Life staff is required to post, at least once per semester, fire safety information on the bulletin board on each floor. The information posted includes emergency and evacuation procedures, prohibited items, emergency contact information, and fire safety policies.

Fire Incident Reporting

All fire incidents are reported to EHSS or the Department of Public Safety. Information regarding each incident, along with a list of names, titles, email addresses and phone numbers, are added to this report and filed into the EHSS fire log within two business days after receipt. The fire log is available for public viewing at the Syracuse University EHSS office during normal University business hours.

Improvement Plans for Fire Safety Systems

A major upgrade to all the fire alarm systems in the residence halls is currently underway. Historically, smoke detectors in residence halls have been single station detectors that are not tied to the main fire alarm panel. Per New York State Fire Code 907.2.9.1, the upgrade will connect each of the individual student room detectors to the main fire alarm panel. Currently three residence halls have been completed. The plan is to have all student

room smoke detectors phased in over a five-year period.

The following is a current status update on the project:

- Upgrades completed in Dellplain Hall, Booth Hall, Ernie Davis Hall, Lawrinson Hall, Day Hall, and Lyons Hall.
- Walnut Hall and Washington Arms fire alarm systems will be upgraded to an addressable system in 2013.
- Shaw Hall Fire alarm System will be upgraded in 2014.

Syracuse University Emergency Evacuation Procedures

- When the fire alarm sounds, all persons are to evacuate the building.
 - Do not use elevators.
 - Shut/lock doors behind you as you leave.
 - Take keys and essential personal items.
 - If instructed to evacuate, move at least 500 feet away from the area and await further instructions from emergency personnel.
 - Do not re-enter building until instructed by emergency personnel.

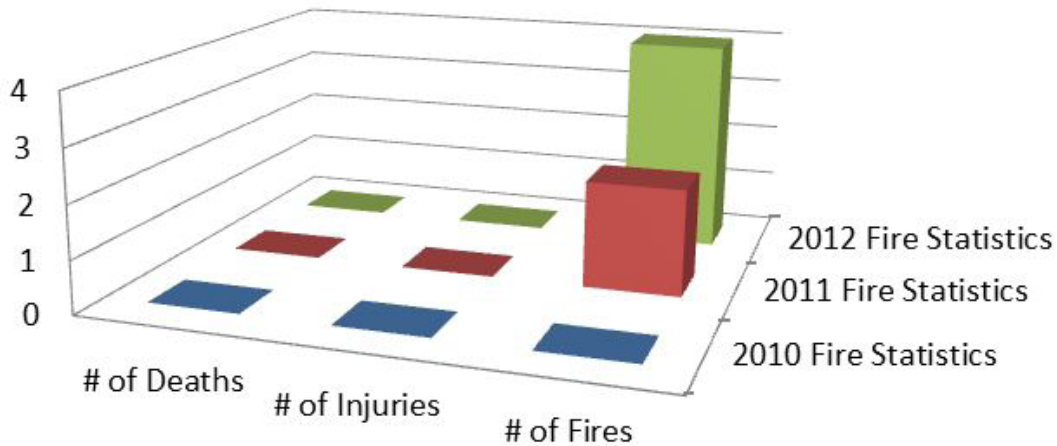

Procedures to Follow in Case of a Fire

- See a fire – pull the alarm – exit the building using the NEAREST exit, not the one you are most comfortable with.
 - Know where all stairwells and exits lead.
 - DO NOT attempt to extinguish the fire yourself.
 - Hear an alarm – exit the building. Failure to leave results in referral to the Office of Judicial Affairs

FIRST:

- Check the top of your door for heat – DO NOT open if hot to the touch.
- DO NOT use elevators as a means of exit.
- Gather outside the building at the location identified by your Resident Advisor as the meeting place for your floor.
- Have information about the emergency? Report it to the Department of Public Safety or EHSS.

Fire #1: At 10:14pm on February 16, 2011, The Syracuse University Environmental Health and Safety Services Office (EHSS) and the Department of Public Safety (DPS) were dispatched, along with the Syracuse Fire Department, to Flint Hall (100 Mount Olympus Drive) on a fire alarm activation. Upon arrival it was discovered, by EHSS that the alarm was in the trash room on the first floor. The alarm was found to be caused by two pieces of construction paper that were on fire and thrown into a recycling bin which was lined with plastic. It was determined by The Syracuse Fire Department investigators that the construction paper was intentionally set on fire before it was thrown in the recycling bin. There were no injuries reported and no damage caused by this incident.

Fire #2: At 2:03am on March 29, 2011, The Syracuse University Environmental Health and Safety Services Office (EHSS) and the Department of Public Safety (DPS) were dispatched, along with the Syracuse Fire Department, to 181 Farm Acre Apartment #5 on a report of a smoke detector activation. Upon arrival the DPS units discovered a small fire in 181 Farm Acre Apt. #6, bedroom A. DPS and EHSS personnel extinguished the fire using three 2 ½ # dry chemical fire extinguishers. The Syracuse Fire Department responded, did an investigation and determined that the fire was caused by a short in a television located in bedroom B. The total value of damage was: \$1,000-\$9,999.

Fire #3: At 1:58am on February 25, 2012, the Syracuse University Environmental Health and Safety Services Office (EHSS) was dispatched to Lyons Hall to investigate a smoke odor in the main vestibule. Upon arrival the EHSS Officer discovered a fire in the wall around a wall mounted heater located at the main entrance. EHSS instructed dispatch to call the Syracuse Fire Department and proceeded to extinguish the fire with a building fire extinguisher. The Syracuse Fire Department did an investigation and determined that the fire was caused by an overheated space heater inside the wall. The fire damage was contained to the heater itself with minor extension to the 2x4 studs holding it in place. The damage estimated was \$100-\$999.

Fire #4: At 10:20pm on April 15, 2012, the Syracuse University Environmental Health and Safety Services Office (EHSS) and the Department of Public Safety (DPS) were dispatched to Shaw Hall on the report of a fire alarm. Upon arrival DPS found that the alarm was caused by a pulled pull box on the 2nd floor but there was also a light smoke condition in the area. EHSS found burnt popcorn in room 282. When EHSS and DPS interviewed the student in room 282 they said that they pulled the pull box because their microwave was on fire. The Syracuse Fire Department responded to the alarm inspected the microwave and found evidence of a fire. They cut the cord of the microwave to take it out of service. The damage was confined to the microwave. The damage estimate was \$100-\$999.

Fire #5: On November 19, 2012, during a routine health and safety inspection of 200 Lambreth Lane, apartment #8 by EHSS, DPS and The Office of Residence Life, it was found that there was fire damage throughout the apartment. The damage was caused by illegal smoking in the apartment, improper disposal of cigarettes and using lighters on walls and carpets. There were numerous locations throughout the apartment where residents used walls and door frames to put out cigarettes and used lighters to burn holes in walls and doors. There were large burn marks on the door of bedroom B and on the carpet in front of the door. Both students were referred to the Office of Judicial affairs and were removed from the apartment. The damage estimate was \$100- \$999.

Fire #6: On November 29, 2012 EHSS and DPS were dispatched to 131 Small Road Apartment #7 to investigate a report of a fire. Upon arrival the student in the room stated that the fire had occurred the night before but wanted it reported. She said that while she was cooking some grease had spilled onto the stove top and caught fire. The resident stated that it had gotten so large that she had to use the fire extinguisher to put it out. There was no damage to the apartment or the stove. The damage estimate was \$0-\$99.

The following provides information about the fire alarms in Syracuse University student housing during calendar year 2012.

Causes:

1. **Cooking-** A fire alarm activation caused by a smoke condition from cooking. This includes food burnt in a microwave such as popcorn.
2. **Accidental-** A fire alarm activation caused by a student or employee by accident. A few examples would be the use of aerosols, cleaning materials, curling irons, or hair spray.
3. **Steam-** A fire alarm activation caused by a steam condition from a shower or steam from the mechanical room.
4. **Dust/Bugs-** A fire alarm activation caused by an accumulation of dust or the presence of bugs in a smoke detector.
5. **Sprinklers-** A fire alarm activation caused by a component of the automatic fire alarm system. Examples would be a broken sprinkler head, air leaks, or a surge in the system.
6. **Malicious -** A fire alarm activation caused by a malicious act to a fire safety protection device such as activating a pull box or tampering with a life safety device.
7. **Electrical-** A fire alarm activation caused by an electrical malfunction.
8. **Contractors-** A fire alarm activation caused by an outside contractor performing

maintenance, construction, or renovations in a residence hall.

9. **Unknown Cause-** A fire alarm activation that cannot be determined or was unfounded.

2012 Fire Alarm Breakdown:

1. Cooking	76
2. Accidental	22
3. Steam	8
4. Dust/Bug	12
5. Sprinklers	7
6. Malicious	5
7. Electrical	9
8. Contractors	27
9. Unknown Cause	30
Total	197

2012 Fire Drills

In accordance with the New York State Fire Code, fire drills are conducted twice each semester in residence halls. The Environmental Health and Safety Services Office assigns staff to the buildings to assist the ORL staff in timing the drills and ensuring that the proper evacuation procedures are followed.

The EHSS office also maintains the proper documentation required for the New York State Fire Inspections. At the beginning of every academic year, the EHSS office conducts an annual Fire Safety Academy for the professional residence hall staff.
